#### ¶74.8 COMMUNICATION FROM THE CLERK—MESSAGE FROM THE PRESIDENT

The SPEAKER laid before the House a communication, which was read as follows:

HOUSE OF REPRESENTATIVES,  
Washington, DC, July 12, 1994.

Hon. THOMAS S. FOLEY,  
*The Speaker, House of Representatives, Washington, DC.*

DEAR MR. SPEAKER: Pursuant to the permission granted in Clause 5 of Rule III of the Rules of the U.S. House of Representatives, I have the honor to transit a sealed envelop received from the White House on Friday, July 1, 1994 at 10:00 a.m. and said to contain a message from the President wherein he notifies the Congress of a declaration of a national emergency due to the lapse of the Export Administration Act of 1979.

With great respect, I am

Sincerely yours,

DONNALD K. ANDERSON,  
*Clerk, House of Representatives.*

#### ¶74.9 EXPORT ADMINISTRATION

The Clerk then read the message from the President, as follows:

*To the Congress of the United States:*

Pursuant to section 204(b) of the International Emergency Economic Powers Act, 50 U.S.C. 1703(b), I hereby report to the Congress that I have today exercised the authority granted by this Act to continue in effect the system of controls contained in 15 C.F.R., Parts 768-799, including restrictions on participation by U.S. persons in certain foreign boycott activities, which heretofore have been maintained under the authority of the Export Administration Act of 1979, as amended, 50 U.S.C. App. 2401 *et seq.* In addition, I have made provision for the administration of section 38(e) of the Arms Export Control Act, 22 U.S.C. 2778(e).

The exercise of this authority is necessitated by the expiration of the Export Administration Act on June 30, 1994, and the lapse that would result in the system of controls maintained under that Act.

In the absence of control, foreign parties would have unrestricted access to U.S. commercial products, technology, technical data, and assistance, posing an unusual and extraordinary threat to national security, foreign policy, and economic objectives critical to the United States. In addition, U.S. persons would not be prohibited from com-

plying with certain foreign boycott requests. This would seriously harm our foreign policy interests, particularly in the Middle East.

Controls established in 15 C.F.R. 768-799, and continued by this action, include the following:

- National security export controls aimed at restricting the export of goods and technologies, which would make a significant contribution to the military potential of certain other countries and which would prove detrimental to the national security of the United States.
- Foreign policy controls that further the foreign policy objectives of the United States or its declared international obligations in such widely recognized areas as human rights, antiterrorism, regional stability, missile technology nonproliferation, and chemical and biological weapons nonproliferation.
- Nuclear nonproliferation controls that are maintained for both national security and foreign policy reasons, and which support the objectives of the Nuclear Nonproliferation Act.
- Short supply controls that protect domestic supplies, and antiboycott regulations that prohibit compliance with foreign boycotts aimed at countries friendly to the United States.

Consequently, I have issued an Executive order (a copy of which is attached) to continue in effect all rules and regulations issued or continued in effect by the Secretary of Commerce under the authority of the Export Administration Act of 1979, as amended, and all orders, regulations, licenses, and other forms of administrative actions under the Act, except where they are inconsistent with sections 203(b) and 206 of the International Emergency Economic Powers Act.

The Congress and the Executive have not permitted export controls to lapse since they were enacted under the Export Control Act of 1949. Any termination of controls could permit transactions to occur that would be seriously detrimental to the national interests we have heretofore sought to protect through export controls and restrictions on compliance by U.S. persons with certain foreign boycotts. I believe that even a temporary lapse in this system of controls would seriously damage our national security, foreign policy, and economic interests and undermine our credibility in meeting our international obligations.

The countries affected by this action vary depending on the objectives sought to be achieved by the system of controls instituted under the Export Administration Act. Potential adversaries may seek to acquire sensitive U.S. goods and technologies. Other countries serve as conduits for the diversion of such items. Still other countries have policies that are contrary to U.S. foreign policy or nonproliferation objectives, or foster boycotts against

friendly countries. For some goods or technologies, controls could apply even to our closest allies in order to safeguard against diversion to potential adversaries.

It is my intention to terminate the Executive order upon enactment into law of a bill reauthorizing the authorities contained in the Export Administration Act.

WILLIAM J. CLINTON.

THE WHITE HOUSE, June 30, 1994.

The message, together with the accompanying papers, was referred to the Committee on Foreign Affairs and ordered to be printed (H. Doc. 103-279).
